2025-2027 STRATEGIC PLAN

Mission:

Cultivating resources to enhance life in Rush County.

Core Values:

Integrity – We will be honest, truthful and ethical in all dealings.

Stewardship – We will be diligent in the oversight of our assets and resources, ensuring that our donors' funds are managed and deployed in a manner best-fitting our mission and values.

Future-Focused – Rather than addressing immediate, short-term solutions, we will contemplate issues and solutions that provide a better future for our community.

Leadership – We will be a leading organization in our community on issues and solutions that serve our mission.

Community – More than simply a word in our organization's name, community reflects the people we work with, for, and in support of. We value the relationships that comprise our community of donors, grantees and stakeholders and are committed to being approachable to all.
